

DocuSign

Agiloft and DocuSign

Transact business faster, reduce costs and delight customers

Agiloft has partnered with DocuSign, The Global Standard for Digital Transaction Management™ to enable customers to automate transactions end-to-end. Together, Agiloft and DocuSign are helping customers achieve the benefits of digital business – including faster speed to results, lower costs, and a better customer experience.

Agiloft has integrated DocuSign's eSignature capabilities into its top-rated Contract Management, Help Desk, and Custom Business Process solutions. Through the DocuSign integration, Agiloft customers can securely send, e-sign, and store contracts, agreements, and other important documents with any number of signers, both within their existing Agiloft knowledgebase and at the DocuSign website. DocuSign lets you sign everything, everywhere, so you can transact business faster, reduce costs, and delight customers.

The Global Standard for eSignature®

No additional hardware or software is required. Conduct business with customers, partners and suppliers anytime, from any Internet-connected device. It's convenient for everyone.

About Agiloft

Over 3 million users at organizations ranging from small enterprises to U.S government agencies and Fortune 100 companies depend on Agiloft's top rated product suites for [Contract Management](#), [Service Desk](#), [Custom Workflow](#), and more. Agiloft specializes in automating processes that are too complex for competing vendors. Our best practice templates and adaptable technology ensure rapid deployment and a fully extensible system. For more information, visit <https://www.agiloft.com>.

The world's leading eSignature transaction management solution

Established in 2003, DocuSign has more than 40 million users who have signed over 330 million documents across 188 countries. They serve more individuals, small and medium businesses and Fortune 1000 companies than any other service provider.

Complete and extensible

Automate simple agreements or the most complex multi-party transactions. Agiloft's DocuSign integration makes it easy and paper-free. No more printing, faxing, overnight shipping, or re-keying data.

Trustworthy and secure

Documents are encrypted and stored tamper-proof in the cloud, ensuring integrity during the transaction process and after completion.
