

Sourcing & Supplier Information Management

Agiloft's unique no-code AI-powered platform quickly adapts as your business and sourcing needs evolve.

Extend the value of your Agiloft CLM with Sourcing and Supplier Information Management

Sourcing and procurement leaders are searching for ways to deliver more business impact and optimize cost while balancing consolidation, increasing customer demands, and the need for agility.

Agiloft's Sourcing and Supplier Information Management module works seamlessly with our Contract Lifecycle Management solution to reduce sourcing cycle time and automate supplier onboarding and ongoing compliance. Agiloft's unique no-code AI-powered platform quickly adapts as your business and sourcing needs evolve.

 Improve Decision Making

 Speed RFx to Contract

 Automate Supplier Information Management

 Turn Opportunities into Savings

 Adapt as Needs Evolve

Streamline the source-to-contract process by centralizing the RFx to Contract cycle for improved collaboration and decision making

- **Review existing contracts** for pre-approved RFx language – all in one place.
- **Invite suppliers to submit proposals**, quickly collect and collaborate around the submission.
- **Allow stakeholders to appraise, score, and compare suppliers** for their projects, all online.
- **Convert awards into contracts** with the click of a button, using approved terms and conditions.

96% of Sourcing and Procurement leaders say staff will have to significantly improve their effectiveness at using digital technology to improve in their role.

— Gartner

Access our unified source-to-contract CLM platform, turn opportunities into savings, and quickly adapt as your business needs change

- **Gain visibility into the full spectrum of supplier relationships and contracts** across geographies, departments, and business units.
- **View terms and pricing** to identify areas for simplification and volume discounts.
- **Create reports and get alerts** for upcoming expirations; identify a pipeline of new sourcing opportunities.
- **Provide users with a unified sourcing** and contracting user experience.
- **Configure the Agiloft no-code AI-powered CLM** to precisely fit and quickly adapt to your needs.

Automate supplier information management to save time and ensure suppliers meet all your business requirements

- **Allow prospective suppliers to register and provide data** and documents through a vendor portal.
- **Gather responses to custom questionnaires** on security, diversity, and other business criteria.
- **Compile data to verify compliance** with business criteria and policies.
- **Prequalify, approve, and automate** supplier contract notifications and requests for documentation.
